

Scottish Topology Seminar

Wednesday, 20 November, 2013

Room 156, Fraser Noble Building, University of Aberdeen. Number 7 on the map
http://www.abdn.ac.uk/newstudents/documents/Campus_Map-Student_Guide_A4.pdf

- 12.30 - 13.15 Lunch* (in the mathematics common room)
- 13.15 - 14.15 **Anne Thomas (Glasgow)**
*Infinite reduced words and the Tits
Boundary of a Coxeter group*
- 14.30 - 15.30 **Bernhard Hanke (Augsburg)**
*Fibre bundles over spheres and the space of
positive scalar curvature metrics.*
- 16.00 - 17.00 **Diarmuid Crowley (Bonn)**
*Counting G_2 structures and smooth
structures on 7-manifolds*
- 18.00 - Dinner*

*The Scottish Topology Seminar is organized by
Richard Hepworth (Aberdeen), Brendan Owens (Glasgow) and Andrew Ranicki (Edinburgh).
We gratefully acknowledge support from the Glasgow Mathematical Journal Trust.*

** Please email r.hepworth@abdn.ac.uk if you will come for lunch/dinner. Some travel
money is available, especially for graduate students. Please apply by email.*
